

Job Title: Architectural Intern 3 - 6

Years of Experience: 3-5

Job Description:

ASSOCIATE POSITION

Architectural Intern

Cramer Kreski Designs is a regional architectural firm specializing in high design residential remodels, additions, and new homes in Nebraska, Iowa and Colorado.

Due to our growth and reputation for excellent design work, we are looking to fill one full-time position with a person who has obtained either a Bachelor of Architecture or Master of Architecture with 3 to 6 years of experience. This intern will be involved in all phases and disciplines of residential design, from schematics to construction documents to field observation, along with detailing all aspects of the designs including coordination among consultants. Cramer Kreski Designs offers a rewarding environment where interns will work closely with the founding principals in a studio setting, creating exceptional residential architecture. We are looking for a person with a strong eagerness to learn who is familiar with AutoCAD. Samples of our work can be seen on our web site, www.cramerkreskidesigns.com.

ASSOCIATE COMPANY BENEFITS INCLUDE:

- Very competitive salary
- Health insurance
- Performance bonuses
- Paid vacations
- Intern Development Program Assistance
- Frequent project tours

If you are interested, please email or mail a hard copy of your resume as well as any supporting documents/information to the address listed below. Please do not send actual photos or anything that must be returned.
