

Job Title: Architectural Intern**Years of Experience: 3-5, 5-7 and 7-9****Description**

Holland Basham Architects, a regional mid-size firm, is seeking highly motivated, energetic, talented design and/or production architects with experience in architectural design, contract documents and specifications relating to a wide variety of project types and sizes. This requires coordinating the work of both the architectural and engineering team(s) through SD, DD, CD and the construction phases of a project. This requires managing internal coordination meetings, client meetings and reviews with various governing agencies for code compliance.

Qualifications

- BS/BA Degree in Architecture from an accredited college or university required (Master's Degree a plus).
- Previous experience in an architectural or architectural/engineering firm
- Software proficiency in use of Microsoft Office applications.
- Proficient with AutoCAD 2012+ (Current versions including 2014 preferred)
- Significant Revit 2012 experience is preferred.
- Knowledgeable in use of SketchUp and 3D Max.
- Strong problem-solving and decision-making skills
- Strong communication and organizational skills
- Ability to work both independently and collaboratively
- Strong leadership and self-motivation skills and abilities
- Comprehensive understanding of various building codes
- Experience in all phases of design and construction
- Good client and team management skills and great customer service abilities
- Experience in commercial architecture including corporate, healthcare, retail, mixed-use complexes, and institutional, educational, and multi-family residential facilities

We offer competitive salaries and a comprehensive Benefit package.
